

Agenda

- 12:30 GENERAL ASSEMBLY** (for BioNanoNet members only)
- 13:30 BNN NETWORKING & SUSCHEM-AT EVENT**
- 13:30 Welcome & Warmup**
- 14:00 KEY NOTES – Sustainability in Science, Research and Development: Challenges and Opportunities** (Moderation: Andreas Falk, BNN)
- ✓ **Sustainability in Industry – Examples from BASF** by Christian Seitz (BASF, GER)
 - ✓ **The Communities of Sustainable Chemistry, Materials and NanoSafety Join Forces – What You Can Expect from this Global Collaboration** by Emma Strömberg (IVL Swedish Environmental Research Institute, SWE)
 - ✓ **Driving Green Transition in European Value Chains: Growth Opportunities, Challenges and Obstacles, Actors and Tools** by Veronica Bocci (DITECFER, IT)
- 15:15 Collaboration-Coffee**
- 16:00 National Technology Platform SusChem-AT – Your Gateway for Collaboration Opportunities towards Sustainable Development**
- ✓ **Sustainability as a Mindset** by Bettina Mihalyi-Schneider (TU Wien)
 - ✓ **Colloidal Lignin – a Sustainable Platform Material for Cosmetics & Chemistry** by Martin Miltner (Lignovations)
 - ✓ **Chemical Recycling of Plastic Waste – “SynCycle” is Closing the Loop** by Andreas Hackl (NGE) & Fabian Weinhandl (BDI-Bioenergy International GmbH)
 - ✓ **Advanced Digital Technologies for Sustainable Business Models in the Chemical Industry – Announcement of a networking event** by Stefanie Prenner (Brimatech)
- 18:00 Informal Collaborative Networking including fingerfood & drinks**
