

# 6<sup>th</sup> EU-Asia Dialogue on Nanosafety

“The role of characterization and how it is addressed in INISS-nano”

## Short Wrap-Up of the 6<sup>th</sup> EU-Asia Dialogue

During the breakout groups, several ideas came up and will lead to rich content when these INISS-Nano-activities are implemented.

The leaders and rapporteurs of the break out groups did a great job and summarized their findings, ideas and potential next steps in the presentation slides that can now be found at the EU-Asia-Dialogue post on BNN webpage.

Some points are summarized here, in brackets you see the contact person for each item. This is not taxative, hence, please complement it where needed. It would be great, if those interested to contribute to a specific point, get in direct contact with the colleague mentioned to an item.

- 1) Connect INISS-Nano with the [GO-FAIR-initiative](#) (Andrea Haase)
- 2) Share data on Nanomaterials about specific materials (e.g., TiO<sub>2</sub>) + hold a (web-) workshop to discuss Interlaboratory comparisons (ILCs) for this purpose. (Jörg Radnik)
- 3) PAPER including items like Tox-testings/testing guidelines, etc. → „Towards harmonisation of testing of nanomaterials for EU regulatory requirements on chemical safety – A proposal for further actions“; Eric Bleeker et al., 2023: <https://doi.org/10.1016/j.yrtph.2023.105360>
- 4) Connection between INISS-Nano and EMN/[EURAMET](#) (Georges Favre)
- 5) Connection between INISS-Nano and VAMAS; opportunity in November 2023, India → VAMAS Steering Committee meeting (Gorges Favre)
- 6) European Data Portal (upcoming EC-initiative) (Andrea Haase)
- 7) [Global Summit on Regulatory Science](#), Parma, 27-28 September 2023 (Hubert Rauscher)
- 8) Share tutorials - [EU-Academy](#) as potential platform (Hubert Rauscher)
- 9) Pillar 2 → new name, new actions; web-meeting in October/November 2023 (Patricia Farias, Gottlieb Lindner)
- 10) Presentation on data management by ANF-members (Helme Helan)
- 11) Place and timing for the 7<sup>th</sup> EU-Asia-Dialogue will be discussed in ANF beginning of July 2023; information provided then to all INISS-Nano colleagues (Wanee Chinsirikul)

Please also note the next general web-meeting of INISS-Nano which will be held on 2 October 2023, 11:00-13:00 (CET).

Best regards,  
Andreas Falk
