## BNN Networking Event

**16:30 Welcome to BNN Networking Event**  
by Andreas Falk, BNN

**16:35 Recently started Horizon Europe projects from BioNanoNet Association members**

- **SSbD4Chem – Safe and Sustainable by Design framework for the next generation of Chemicals and Materials**  
by Ivana Burzic, WOOD K plus
- **PINK – Provision of Integrated Computational Approaches for Addressing New Markets Goals for the Introduction of Safe-and-Sustainable-by-Design Chemicals and Materials**  
by Martin Himly, Paris Lodron University of Salzburg & Thomas Exner, Seven Past Nine
- **CHIASMA – Accessible Innovative Methods for the Safety & Sustainability Assessment of Chemicals & Materials**  
by Martin Paparella, Medical University of Innsbruck
- **INSIGHT – Integrated Models for the Development & Assessment of High Impact Chemicals and Materials**  
by Martin Paparella, Medical University of Innsbruck

**17:10 Funding opportunity – open call: EUREKA Call for lightweighting projects**  
by Michael WALCH, FFG – Austrian Research Promotion Agency

**17:15 BNN's expertise in SSbD and regulatory support**  
by Andreas Falk and Daniel García Molinero, BNN

**17:30 Networking**

**18:15 Start with shuttle bus for dinner**  
**open end**
