12 September 2024 | BioNanoNet Annual Forum

EUROPEAN LIFE SCIENCE FUNDING – HORIZON EUROPE

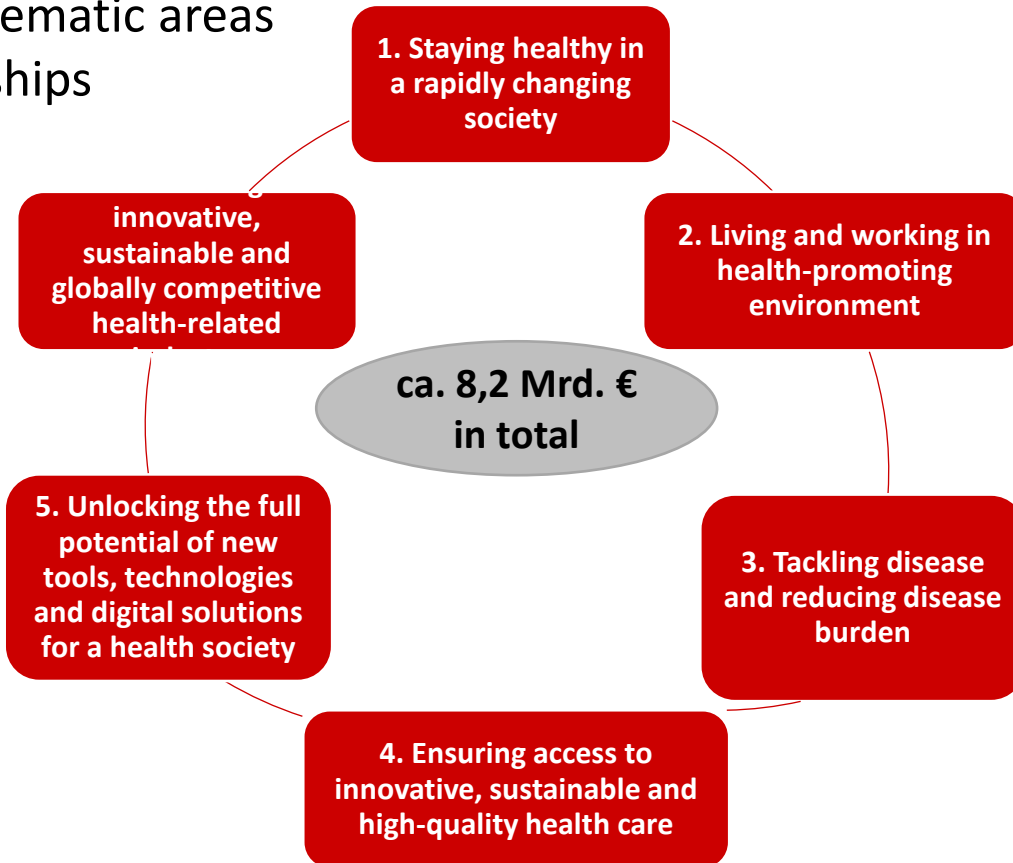

Horizon Europe is the biggest worldwide transnational funding programme for Research & Innovation by the European Commission

- 95 billion (Mrd) Euro for 7 years (2021-2027)
- **many different funding possibilities:**
 - Pillar 1: bottom up excellence programmes (e.g. ERC)
 - Pillar 2: funding for top down cooperative projects (e.g. in the Cluster Health programme)
 - Pillar 3: attractive possibilities for companies, incl. SME (e.g. in the European Innovation Council)
- very high funding rates (up to 100%)
- many possibilities for life sciences/medical research
- open for all kind of organisations
- yearly calls

CLUSTER 1 – HEALTH

- 6 overall thematic areas
- 10 Partnerships

1 Mission:

- Mission Cancer

2 Institutional Partnerships

- Innovative Health Initiative IHI
- Global Health EDCTP3

8 Co-funded Partnerships

- ERA4Health
- Transforming Health and Care Systems (THCS)
- European Partnership for the Assessment of Risk from Chemicals (PARC)
- European Partnership for Personalised Medicine (EP PerMed)
- European Partnership on Rare Diseases (ERDERA)

Planned:

- European Partnership for One Health/Antimicrobial Resistance (AMR)
- European Partnership on Pandemic Preparedness
- European Partnership Brain Health

KEY FACTS NEXT CALL CLUSTER HEALTH

- **Call 2025**
 - Call opening May 2025
 - Deadlines September 2025
 - Overall budget around 750 Mio €
 - Topics on environment and health, AI for health, infectious diseases, neurological diseases, biotech focus, and many more!
 - Interested in early information? Contact us!
- **Events:**
 - 5th December: FFG Community Day 2024 “Europäische Forschung und Innovation im Fokus”, Vienna, registration will open soon
 - Stay tuned for FFG and EC events in 2025!

MISSION CANCER

- **Overall aim:** improving the lives of more than 3 million people by 2030 through prevention, cure and for those affected by cancer including their families, to live longer and better.
- **Mission addresses:**
 - understanding
 - prevention & early detection
 - diagnosis & treatment
 - quality of life for patients and their families
- **Work Programme** with yearly calls
- **Call 2025:** Topics on environmental exposures, innovative surgeries, clinical trials for paediatric cancer, enhancement of quality of life of cancer patients etc.

INNOVATIVE HEALTH INITIATIVE (IHI)

EU partnership between the European Union and the European life science industries, funding health research and innovation

- Work programme with **single and two-stage calls**, open to all kind of organisations
- **Collaborative** projects, **industry partners** included
- **Open Call 8**
 - two-stage call with topics on cardiovascular disease, osteoarthritis, regulatory sandboxes, and patient-centred endpoints
